ABOUT DOMUS VENTURES

COMPANY PROFILE

Since it was first established in 1997, DOMUS VENTURES has grown to be a prominent global player in the furniture industry, supplying high quality outdoor and indoor furniture to all parts of the globe. We have over 2200 dedicated staff in our factories and offices in China, Indonesia, Singapore, Germany and the United States with export over 1600 containers each year.

Over the years, we have designed and manufactured stylish high quality furniture using materials such as teak, natural wicker, loom, paper fiber and resin wicker. We take pride in constantly create new innovative designs in combination with new materials. We stand behind our unique designs, high quality products and our commitment to excellence. Our customers all over the world recognize the high quality "Domus Standard" benchmark that we maintain for every piece of furniture we produce.

Our in-house design team actively collaborates with international designers to create unique yet stylish designs. Whether modern or contemporary pieces, our goal is to create the perfect setting for your homes and lifestyle whatever the taste, budget and requirement might be.

Apart from our own Domus branded furniture, we also produce custom-made designs for private labels.

Last but not least, our commitment is not only reflected through the high quality of our products, but also the responsiveness and high level of professionalism provided by our customer service team in ensuring that all our clients are more than 100% satisfied.

We hope that you enjoy our furniture as much as we enjoy creating them.

Any violation of our copyrights, design rights and trademark rights as well as of our other rights may have severe civil law and/or criminal law consequences.

OUR COMMITMENT

GREEN CAMPAIGN

Domus Ventures Pte. Ltd. aspires to environmental and economic sustainability as a socially responsible business. Our commitment is reflected in all aspects of our business operations from selection and harvesting of materials through manufacturing practices to our relationship with employees, customers, and the global society.

Recyclable And Renewable Resources

Most of the components we use in our manufacturing processes are recyclable. The primary components of our outdoor furniture are aluminium and HDPE, which are 100% recyclable. We also employ reusable, recyclable and biodegradable brown Kraft paper to pack our finished goods.

Manufacturing And Waste Management

Our products are developed in a manner that minimizes impact on the environment. For example, our factory in China is equipped with a sewage treatment plant that filters excess powder coating to ensure that the water flowing back into the river is toxic-free and has a pH of 6-9.

We are concerned not only with the global environment but also with the well-being of our workforce. We meet and surpass requirements associated with government labor laws.

No Child Labor

We strictly follow policies relating to child labor and will not employ any child.

Benefits

All factory workers are protected with health insurance and industrial accident insurance. We also enroll our workers in government pension plans.

Allowances

Our workers receive standard meal allowances as well as supper allowances for the night shift and/or overtime hours. We also provide pay differentials to accommodate for high temperatures during the summer months, June to September.

OUTDOOR WICKER

Domus products are woven with high quality all-weather wicker

- Extruded from High Density Polyethylene
- Fully customizable color, surface texture, appearance and design
- Environmental-friendly
- Outstandingly weatherproof
- UV resistant
- Dirt resistant
- Easy to clean
- Maintenance free
- Laboratory tested

domus ventures

HIGH QUALITY MarinaPLUS

Marina
PLUS

Domus Ventures further echoes its niche in creating functional, outstanding and distinctive outdoor furniture using hardwearing, high quality MarinaPLUS.

MarinaPLUS - an outdoor synthetic leather commonly used on yachts for its durability to withstand various weather conditions out at the open sea. Complementing our furniture as fully outdoor resistant, this synthetic leather assures the highest level of dimensional stability and stretch-resistant for maximum comfort and luxury.

Marina products are skillfully upholstered using MarinaPLUS onto hand woven, lightweight and powder coated aluminum frames. Using HDPE resin wicker that is UV resistant and cool to touch even in hot weather; these textured in appearance resin wicker requires very minimal maintenance.

Absolute comfort

- UV resistant and UV reflective to prevent heat build up
- Soft and comfortable texture
- Repels water

Weathering

Laboratory tested to withstand temperature between -20 °C to 60 °C (-4 °F to 140 °F)

Cleaning and Maintenance

- For best results, clean spills and soils immediately
- Ordinary dirt and grime can be removed with mild soap and water
- Do not use chemical detergents or solvents to clean
- If required, use marine synthetic leather cleaners and conditioners.
Available at marinas and boat stores*
- Do not leave furniture uncovered under trees or plant life when not in use.
- To avoid stubborn stains and maximum endurance with less maintenance, furniture should be covered when not being used and cleaned on a regular basis*

**We do not take responsibility for any sort of damage(s) or side-effect(s) as a result of using commercial cleaners. Refer to cleaning instructions stated on package before treatment. Be sure to test cleaner on hidden or inconspicuous location prior to using any cleaner on soiled areas.*

StoneTEC

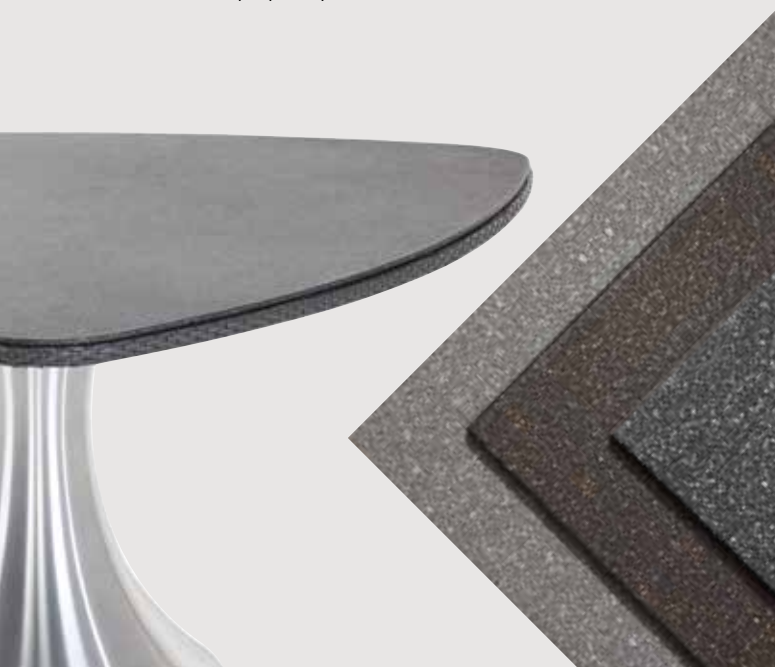

StoneTEC is a 5-layer composite system comprising high-performance bonding agents, natural mineral granules, hard-wearing topcoat with UV inhibitors applied onto tempered glass surface.

- Stone-effect finish
- Weights up to 80% less than traditional stone
- Can be used for outdoor and indoor
- High tensile strength

Cleaning and Maintenance

- Clean the tabletop regularly using a soft brush and lots of water.
- If heavily soiled, you may add a small amount of diluted washing-up liquid to lukewarm water, then rinse thoroughly with clean water.
- To prevent damaging your tabletop, please avoid the following:
 1. Do not cover the table with plastic or canvas tablecloth. This can encourage the growth of mould which may discolor the tabletop surface.
 2. Do not use strong chemical cleaning agents, abrasives or solvents. These will damage the surface finish.
 3. Dry-up any spillage with a damp cloth or sponge.
 4. Do not allow any spilled wine or vegetable oil to stand for any length of time as these may create stains. Clean-up quickly.

WoodTEC

WoodTEC is a wood-plastic composite made out of wood fiber and plastics. It combines both the advantages of wood-like surface texture with durability of plastic.

A major advantage over wood is the ability of the material to be molded to meet almost any desired spatial conditions and requires less maintenance than the solid wood. It behaves like wood and can be shaped using conventional woodworking tools.

They are moisture-resistant and resistant to rot but they are not as rigid as wood and may slightly deform in extremely hot weather.

- Moisture-resistant
- Resistant to rot
- Weatherproof approx. from -20° C to 60° C (-4 F to 140 F)

Cleaning and Maintenance

1. Clean the WoodTEC regularly using a soft sponge or cloth and lots of water. If heavily soiled, you may add a small amount of diluted washing-up liquid to lukewarm water, then rinse thoroughly with clean water.
2. To remove oil and stains as soon as they occur by using household de-greasing agent and stiff bristle brush to scrub away any greasy and oily stains, and later rinsing it with warm water.
3. Pressure washing is also a good idea from time to time to remove built-up dirt and debris. When using a pressure washer, do not exceed 1800psi with a 20-degree nozzle.
4. Do not use sharp object to scratch the surface. This can leave permanent scratch mark on the surface.

DOMUS OUTDOOR FURNITURE COVER

Snow, rain, dust, sun, insects, they attack your beautiful garden furniture year-round. Domus Ventures' outdoor furniture covers prolong the life of your outdoor furniture, providing superior protection at affordable prices.

They're easy to put on and sure to stay on in rough weather, while shedding moisture and resisting mildew.

Available in silver colour with six size options to accommodate most outdoor furniture.

- 100% Polyester, coated from the inside with an outdoor coat
- Laminated sewing seams
- Water- and UV-proof
- Puncture and crack resistant
- Reinforced piped edges
- Very easy to clean. Use a soft brush to clean the covers.

WAREHOUSE PROGRAM FABRIC LIST

domus ventures

Domus warehouses the collections with four types of cushions. Available in either a Solution Dyed Polyester (SDP) fabric or marine grade vinyl; both made for outdoor use and longevity. Cuchion types are noted with the product.

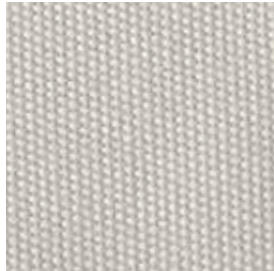

The cores are constructed with foam, polyester fibers and non-woven polyester fabric. Foam is layered with polyester fibers to create the soft and comfortable seat comfort. Non-spun polyester fabric is used to keep the foam and polyester fibers neatly together as well as to enable end user to remove covers for washing.

Colors and fabric noted in collections or individual items of the catalog as follows:

Olefin Latte

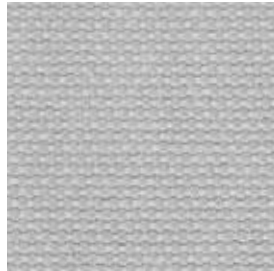

SDP Winter

Olefin Warm Grey

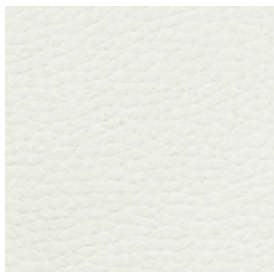

Olefin Grey Wash

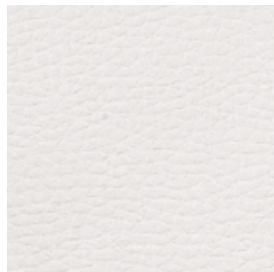

SDP Ivory

Marina Cream

Marina Grey

*Actual colors might slightly vary than shown by the images.

Sunbrella and Crypton fabrics also available. Please call for pricing.
Customer's own material (COM) is also available. Call for details.
